I'm excited to advance my web development career as a final-semester student with a variety of programming projects under my belt. I'm prepared to contribute to creative initiatives and keep learning in a fast-paced atmosphere because I have great expertise in a variety of programming languages.

SKILLS

❖ **Programming Languages:** Clear concepts from basic to intermediate level of C, C++, Java, C# with OOP.

❖ **Technology and Tools:** Machine Learning fundamentals, Xampp, Microsoft Office Tools, Google Forms.

PROJECT & RESEARCH EXPERIENCE

❖ **Study Material Management System using .Net Framework and MySQL:** A Study Material Management System
is needed to ensure organized and efficient access to educational resources, facilitate easy retrieval and sharing of materials, and support collaborative learning among students and educators.

❖ **Used Technologies:** C#, .NET Framework, Windows Forms (WinForms), SQL (Structured Query Language).

❖ **A Job portal management system :** Currently i am working on it .This will be helpful for any job seeker especially those who are fresher they face many problems for finding a job .

❖ **A Career path Recommendation Using machine learning algorithm :** I have just finished my thesis work which is a career path recommendation system using machine learning (Extra trees classifier ,Random forest).Now i am doing my research work more accurately to publish my paper .

❖ **EDUCATION**

B.Sc. in Computer Science & Engineering (Jan 2020 – Ongoing)
International University of Business Agriculture and Technology | Dhaka, Bangladesh | **CGPA: 3.50 out of 4.00**

HSC (2019)
Shafipur Ideal Public School and College | Gazipur|**GPA :3.83**
SSC(2017)
Shafipur Ideal Public School and College|Gazipur|**GPA : 5.00**
